

Beautiful Lies

Jana Kramer

[Verse 1]

Surrounded by pieces of vows that were broken

Leaving me speechless

It's like I don't know him

Everything we built is fallin' down[Chorus]

Tell me I'm making this up

That this ain't for real

Take me back to the night i could feel

Like I was enough when love was just blind

Im not ready for the truth to see the light

Make it up, make it pretty, I don't mind

Tell me beautiful l lies

Oh yeah

[Verse 2]

How did this happen?

I thought we were perfect

Never imagined, feeling so worthless

I know I need to face it, but I can't right now[Chorus]

Tell me I'm making this up

That this ain't for real

Take me back to the night i could feel

Like I was enough when love was just blind

Im not ready for the truth to see the lie

Make it up, make it pretty, I don't mind

Oh yeah

Go on and Tell me those beautiful lies

[Chors 2]

Tell me I'm making this up

That this ain't for real

Take me back to the night i could feel

Like I was enough when love was just blind

Im not ready for the truth to see the lie

Make it up, make it pretty, I don't mind

Dream it up, make i real one more time

Make it up, make it pretty, I don't mind

Oh yeah

Please Tell me those beautiful lies[Outro]

Beautiful lies

Beautiful lies
