

Fast Cars

Craig David

Fast cars,
Fast women,
Speed bikes with the nitro in them,
Dangerous when driven,
Those are the types that I be feelingFast cars,
Fast women,
Speed bikes with the nitro in them,
Dangerous when driven,
Those are the types that I be feeling
Sitting there while I observe,
I like your lines I love your curves,
Checking out your bodywork,
How can I get with her,
You're the one that I want,
Do anything to turn you on,
Somebody please just pass the keys so you can take a ride with meI'm on a mission,
First thing disarming your system,
Next thing slip the key in the ignition,
Just listen,To the way that you purr at me you know you prefer the speed,
When your back starts dipping,
Wheel spinning when the gears start shifting,
I'm sticking till the turbo kicks in,
You know that I'm missing,Got me moving so fast you got me missing the flash of 5.0,
Fast cars,
Fast women,
Speed bikes with the nitro in them,
Dangerous when driven,
Those are the types that I be feelingFast cars,
Fast women,
Speed bikes with the nitro in them,
Dangerous when driven,
Those are the types that I be feelingFeel the ride feel the rush,
The moment I tease your clutch,
Reacting to my every touch,
When shifting down or tearing up,
I don't care where we go,
To burn you out's the end resultYou're dealing with a professional
I'll spin you round just to let you knowI'm on a mission,
First thing disarming your system,Next thing slip the key in the ignition,
Just listen,
To the way that you purr at me you know you prefer the speed,
When your back starts dipping,

And I'm unaware of the limits I'm hitting,
Blurred vision & a critical condition,
Could blow the transmission,
Got me moving so fast you got me missing the flash of 5.0, Fast cars,
Fast women,
Speed bikes with the nitro in them,
Dangerous when driven,
Those are the types that I be feeling Fast cars,
Fast women,
Speed bikes with the nitro in them,
Dangerous when driven,
Those are the types that I be feeling Fast cars,
