Ok, I ain't that fucked up but, I'm halfway  
We came a long way from the alley  
Bad, bad, bad bitches they dressed up  
Like its the NBA draft day  
And I bet and I bet that she ain't gon' be that late  
For a young sexy face like me  
A young, young, young sexy face like me  
She like girls if she don't like me  
And if you do then I do girl, I see ya, I see ya  
The way that you pose I might have to IG ya Sexy young thing I might have to ID her  
Ooh damn I got some Ideas  
We could fuck up the couch in the club like it came from Ikea  
Goin' so hard the whole night is a blur  
Older women be like, "damn, your mature"

 50 women in the room like we ain't even got a lobby  
 I be wildin' like I never had a daddy  
 And the titties, paparazzi they be flashin', God damnit I'm a hottie  
 Got her friends tryna fuck me and her man's tryna rob me  
 And she won't leave me alone, I tell the trick to get a hobby  
 I ain't even gonna lie, I got a million dollar chick  
 With a billion dollar pussy  
 Everytime I cum, I swear to God I feel like I be rich  
 Yeah, tryna get that hotel money  
 But you know them crackers ain't gonna let you get the Ritz  
 They ain't gonna let you get the fountain in the front with the fist  
 They gonna give you courtside at the Clips  
 But never on the shit, they ain't on that donor shit  
 Well, fuck giving it to me, I'mma take that shit  
 Forget crackin' the code, I'mma break that shit  
 I'mma calamari steak that shit  
 And cop so much ice, me and my dogs gonna skate that shit
