

Win Win (feat. Tove Lo)

Diplo

[Verse 1]

I know you're hurting but I can kiss you better
And make you feel like I'm your long lost love
Bet it was painful and beautiful
In the way that makes it hard for you to let it go[Pre-Chorus]
Dim all the lights, dry off your eyes
Have a good time, her out of mind
Dim all the lights and get close to me
Just for the night we can both be free[Chorus]
Yeah and that's a win win
Give me what I want and I got you tonight
Yeah and that's a win win
Give me what I want and I got you tonight

[Post-Chorus]

Let it go
Let it go
Let it go
Let it go
Let it go
Let it go

Let it go[Verse 2]

No need to talk it all out if you don't wanna
No, we can use our lips a million ways
Just put 'em right on my body and I'll forget 'bout the world
Yeah, you'll be my sweet escape[Pre-Chorus]
Dim all the lights, dry off your eyes
Have a good time, her out of mind
Dim all the lights and get close to me
Just for the night we can both be free
[Chorus]
Yeah and that's a win win
Give me what I want and I got you tonight
Yeah and that's a win win
Give me what I want and I got you tonight[Post-Chorus]

Let it go
Let it go
Let it go
