

# Out of Your Mind (feat. Chris Brown)

## French Montana & Swae Lee

Mally Mall  
Out of your mind I was with you that time  
Walking with me, you're out of your mind  
I was with you that time True (out of your mind)  
I was with you that time  
You're fucking with me, out of your mind (out of your mind)  
Watching your body like a yardie  
Turn in to the max, that's word to Charlie  
We is who they say they are  
Champagne, caviar  
Big tool like the Navy, yeah  
Hop, hop out the coupe of mine  
Super mind, shooters in a suit and tie  
Stayin' here with the bod', they was watchin' God  
Hold up, hold up, she lookin', snatch her body  
Kurt Cobain, out of your mind  
Save Montana, you're out of your mind Out of your mind  
I was with you that time  
Walking with me, you're out of your mind  
I was with you that time True (out of your mind)  
I was with you that time  
You're fucking with me, out of your mind (out of your mind)  
Watching your body like a yardie  
Turn in to the max, that's word to Charlie  
She pull on my pants and she say, "Let's go"  
She holdin' my hand goin' to the dance floor  
She wine up, she wine up, she wine up  
Then throw that damn peace sign up Bad boy, that nigga only back and forth  
The only back and forth is fast and slow  
She sign up, she sign up, she sign up She doin' somethin' to control the vibe  
She give me lovin' and it multiplies  
She got that fatty and it's supersize  
I gotta have it, yeah, it's sweet, oh my (oh yeah)  
Man's on it gonna la-di-da-di  
Don't tell nobody, it's a private party  
Experience in and out of body  
Really crazy, you're out of mind Out of your mind  
I was with you that time  
Walking with me, you're out of your mind  
I was with you that time True (out of your mind)  
I was with you that time  
You're fucking with me, out of your mind (out of your mind)  
Watching your body like a yardie

Turn in to the max, that's word to Charlie  
Out of your mind
