

Somebody's Me

Enrique Iglesias

You, do you remember me?
Like I remember you?
Do you spend your life
Going back in your mind to that time?
Cause I, I walked the streets alone
I hate being on my own
And everyone can see that, I really fell
And I'm going through hell
Thinking about you with somebody else
Somebody wants you
Somebody needs you
Somebody dreams about you every single night
Somebody can't breathe, without you it's lonely
Somebody hopes that one day you will see
That somebody's me
That somebody's me
How, how could we go wrong?
It was so good and now it's gone
And I pray at night that our paths soon will cross
And what we had isn't lost
Cause you're always right here in my thoughts
Somebody wants you
Somebody needs you
Somebody dreams about you every single night
Somebody can't breathe, without you it's lonely
Somebody hopes that someday you will see
That somebody's me
That somebody's me
You'll always be in my life
Even if I'm not in your life
Because you're in my memory
You, when you remember me
And before you set me free
Listen, please
Somebody wants you
Somebody needs you
Somebody dreams about you every single night
Somebody can't breathe, without you it's lonely
Somebody hopes that someday you will see
That somebody's me
That somebody's me
That somebody's me
That somebody's me
