

Why Ask Why

Kaskade & Late Night Alumni

I made a list
I'm all packed up
I'm ready to go
Hear my last thoughts
I'll soon be far away
You can watch me go
or you can change your mind
and come with me on the road You give up a lot
In light of what we've got
We won more than we've lost
Why ask why?
Now's the time to change your mind
No say no
You know I have to go
But if you stay here give me love for now
and give me one for the road before I go
But if you stay here give me love for now
and give me one for the road before I go Come with me now when we're young
And when we go hurry where you're from
Why as why?
Now's the time to change your mind
No say no
You know I have to go
Why ask why?
Now's the time to change your mind
No say no
You know I have to go
But if you stay here give me love for now
and give me one for the road before I go
But if you stay here give me love for now
and give me one for the road before I go
