

# Show Me Love (feat. Miguel)

## Alicia Keys

Show me love  
Treat it like we freakin' on the weekend, show me love  
I eat up the seconds, times and reasons for your love  
This is not the season for nobody else but  
us  
I always get wrapped up in you, baby, I'm in love  
We gon' get this love, yeah, like we never done it  
Baby, I'm in love  
Go 'head, show me love, like we never done it  
Ooh, I got you runnin' every time I give you some  
Show me love, love  
Show me love, love  
Show me love like you see red lights  
And you crashed in it like a deer inside of headlights  
Yeah, I show you love like it was passionate  
I just wanna bask in it, winnin' it like a championship  
You gon' show me love like  
Like you've tried it (yeah) and denied it (yeah)  
But you still let me apply it (yeah) like I made you put your ties in  
Show me love, even when you don't got time to  
I'll be there to find ya, I'll remind ya  
Show me love  
Treat it like we freakin' on the weekend, show me love  
I eat up the seconds, times and reasons for your love  
This is not the season for nobody else but us  
I always get wrapped up in you, baby, I'm in love  
We gon' get this love, yeah, like we never done it  
Baby, I'm in love  
Go 'head, show me love, like we never done it  
Ooh, I got you runnin' every time I give you some  
Show me love, love, love, love, love  
Show me love, love, love, love, love  
Baby, you know what it is, yeah  
You know what it is, yeah  
You know what it is, yeah (yeah, yeah, yeah-yeah-yeah)  
You know what it is, yeah (yeah-yeah-yeah, yeah-yeah-yeah)  
You gon' show what it means to love (yeah)  
What it is  
You gon' show what it means to love (yeah)  
What it is  
Show me love  
Treat it like we freakin' on the weekend, show me love  
I eat up the seconds, times and minutes for your love  
This is not the season for nobody else but us  
I always get wrapped up, baby, baby, I'm in love

We gon' get this love, yeah  
Like we never done it  
Baby, I'm in love  
Go 'head, show me love, like we never done it  
Baby I got you runnin' every time I give you some  
Yeah
