

Last Kiss

Taylor Swift

I still remember the look on your face
Lit through the darkness at 1: 58
Words that you whispered for just us to know
You told me you love me so why did you go away?
Away...I do recall now the smell of the rain
Fresh on the pavement, I ran off the plane
That July 9th, the beat of your heart
It jumps through your shirt, I can still feel your arms
Now I'll go sit on the floor wearing your
clothes
All that I know is I don't know how to be something you miss
Never thought we'd have a last kiss
Never imagined we'd end like this
Your name, forever the name on my lips
I do remember the swing in your step
The life of the party, you're showing off again
And I roll my eyes & then you pull me in
I'm not much for dancin' but for you I did
Because I love your handshake, meetin' my father
I love how you walk with your hands in your pockets
How you'd kiss me when I was in the middle of sayin' something
There's not a day I don't miss those rude interruptions
And I'll go sit on the floor wearing your
clothes
All that I know is I don't know how to be something you miss
Never thought we'd have a last kiss
Never imagined we'd end like this
Your name, forever the name on my lips
So I watch your life in pictures like I used to watch
you sleep
And I feel you forget me like I used to feel you breathe
And I keep up with our old friends just to ask them how you are
Hope it's nice where you are
And I hope the sun shines & it's a beautiful day
And something reminds you, you wish you had stayed
You can plan for a change in the weather & time
But I never planned on you changing your mind
So, I'll go sit on the floor wearing your clothes
All that I know is I don't know how to be something you miss
Never thought we'd have a last kiss
Never imagined we'd end like this
Your name, forever the name on my lips
Just like our last kiss
Forever the name on my lips
Just like our last
