

Personal

Craig David

Personal anything you want from me
i'll do
but first let's get personal,
personal, personal, personal
let's get personal
personal, personal, personal
personal with you we're sittin' havin' dinner at your parent's home
some of the finest food i've ever known
but i need some sweetness on my tongue
and it ain't a type of sugar on no
so maybe we can go somewhere
name a room girl i don't care
where's the bedroom (it's upstairs)
i'll meet you there in a minute
girl so we can get...
let's get personal (ooh yeah)
personal (tight baby)
personal (maybe we can get)
personal (just a little, just a little bit)
let's get personal (ooh yay)
personal (i wanna get personal)
personal (come on baby, just trust me)
personal (i wanna get)
personal with you i'm behind you in your bedroom with your hands against the wall
but keeping one eye on the door
got your t-shirt and your panties on
ooh what feels so right, can't be wrong, no
i know you like it when i touch you there
girl just keep it quiet or they'll hear
feel the tremblin' all down your leg
i'd love to head to your bed so that we can get... personal
shh... should i take off my clothes (no)
put the lock on the door?
let go of your deepest inhibitions
let me fulfil your fantasy girl
like me touching you there? (yeah)
the way that i play with your hair?
emotions running wild until we stop
yeah... oh let's get personal (ooh baby)
personal (i wanna get personal with you)
personal (we can do anything you wanna do)
personal (whoah)

let's get personal (when you rub and you're close to me)
personal (feel the fire just like ecstasy)
personal (and the way that you're touching me i want it baby all the time)
personal
personal with youoh i want to make love to you so let's get personal
let me be your fantasy
you're all i need oh girl
let's get personalpersonal
name every little thing you want me to do
it's like ecstasy baby
when i'm lyin in bed next to you
girl i don't give a damn about
who's outside or downstairs
i just wanna get personal baby
so bad makes me wanna say...oh, oh, oh, oh
it makes me wanna say...
oh, oh, oh, oh
all of my people say...
oh oh oh oh
oh oh oh oh
