

# homecoming queen?

## Kelsea Ballerini

Hey homecoming queen  
Why do you lie?  
When somebody's mean where do you hide? Do people assume you're always alright?  
Been so good at smiling most of your life Look damn good in the dress, zipping up the mess  
Dancing with your best foot forward  
Does it get hard?  
To have to play the part  
Nobody's feeling sorry for you But what if I told you the world wouldn't end  
If you started showing what's under your skin  
What if you let them all in on the lie  
Even the homecoming queen cries  
Hey homecoming queen  
How's things at home?  
Still walking on eggshells when that curtain's closed  
Did your daddy teach you how to act tough?  
Or more like your momma, sweep it under the rug Look damn good in the dress, zipping up the  
mess  
Dancing with your best foot forward  
Did you want the crown?  
Or does it weigh you down?  
Nobody's feeling sorry for you What if I told you the world wouldn't end  
If you started showing what's under your skin  
What if you let them all in on the lie  
Even the homecoming queen cries  
What if I told you the sky wouldn't fall  
If you lost your composure, said to hell with it all  
Not everything pretty sparkles and shines  
And even the homecoming queen cries  
Even the homecoming queen cries Hey homecoming queen  
Why do you lie?  
When somebody's mean where do you hide?
